# Do you consider Turkey for your healthcare problems?

Last year, 520.000 patients and their relatives have chosen Turkey for their healthcare problems. \*

I had to wait for 3 months for an MRI in my own country, I had it done right away in Turkey.

I had a very successful by-pass surgery in Turkey.

I had my hair transplant in Turkey.

Turkey has the latest ophthalmic technology, I saw it with my own eyes!

I chose Turkey for my liver transplant.

We received infertility treatment in Turkey and now we hug our baby.

## Turkey is the right destination for healthcare problems!

Turkey is not only a rare destination where you can enjoy the sun for 300 days a year but also pointed out amongst the high potential countries in health tourism by WHO (World Health Organization). Moreover, Turkey has more JCI accredited healthcare facilities than any other country outside the U.S.A. Turkey provides treatment options at affordable prices in JCI accredited A-class hospitals along with the diagnostic and therapeutic devices of latest technology, best doctors globally recognised in their fields and quality services of international patient departments.

- Quality medical service in hospitals equipped with latest technology
- Affordable costs
- Secrecy demands
- Thermal facilities
- A vacation before or after your treatment
